City: Brookville

Zip Code: 47012

Plan Summary

Mission Statement: To promote a Safer and Healthier community by reducing the problematic use of Alcohol, Tobacco and Other Drugs in Franklin County.

History: Stayin' Alive is Franklin County's Local Coordinating Council through the Governor's Commission for a Drug-Free Indiana as adopted by the then Governor Evan Bayh in 1990. The Coalition since its inception has continued to grow into multiple sectors being represented at the table. The mission of Stayin' Alive is to promote a safer and healthier community by reducing the problematic use of alcohol, tobacco and other drugs in Franklin County.

While the Coalition works on many substance abuse issues throughout the year, the main focus of Stayin' Alive continues to be to reduce the misuse and abuse of Alcohol, Tobacco, and Other Drugs (ATOD) throughout the county. Additional concerns have been to educate the community members of the effects of using ATOD, including the correlation between ATOD use and criminal behavior. The LCC is also working to change the community norm that consuming alcohol is a necessary and normal part of social gatherings and community events. We also are striving to change the community norm that using alcohol is a normal everyday thing to do.

As a way to address underage drinking in the county, Stayin' Alive created a Youth Council, YouthQuake in 2005. The members range from 7-12th grades representing the public and parochial school district. These members are invited to join and serve as the leaders of tomorrow. They are active in training opportunities as well as being the voice to their peers about the dangers of ATOD and unhealthy behaviors. This council meets every two weeks independent of the school system on a volunteer basis. In 2015 YouthQuake was also started as a Club in the Franklin County High School and meets once a month during activity period.

Coalition members worked on gathering data from all aspects of the community to ensure the supporting data was strong and proved the issues we are focusing on are relevant to Franklin County. After much time was spent gathering and collecting all necessary information, the LCC coordinator compiled the information into the Comprehensive Community Plan. The plan was then reviewed and approved by the Local Coordinating Council membership base.

Summary of the Comprehensive Community Plan: Each year the members of the LCC work as a team to form a plan of action in reducing misuse and abuse of ATOD for the upcoming year. We focus our plan on the needs of the community related to reducing substance abuse in Franklin County. This Comprehensive Community Plan will serve as Franklin County's plan for the next year with 3 yearly updates being submitted to show our accomplishments and areas of focus for the upcoming year.

This plan is the document that serves as the guide for the LCC for the next several years when distributing grants and funds to county agencies and organizations assisting in our endeavors. The county commissioners will continue to have final signature authority in the recommendations made by the coalition when County Drug-Free Communities Fund dollars

are being spent. The LCC will then monitor the progress of each funded program through quarterly written and verbal reports given at the monthly meetings that are held the fourth Thursday of each month.

These are the four identified problem statements in Franklin County:

- 1.) Community norms support casual, accepting and enabling attitudes toward misuse of alcohol.
- 2.) Substance misuse and abuse by visitors to the community continues to have a negative impact on the quality of life in Franklin County.
- 3.) There continues to be a need for additional treatment services and ongoing awareness of available treatment options and effectiveness of the treatment options in the community.
- 4.) There continues to be illegal drug use and trend indicators in the community.

Membership List

County LCC Name:

#	Name	Organization	Race	Gender	Category
1	Blades, Bonnie	Parent/Citizen	Caucasian	Female	Health

Problem Identification

A. Problem Statement #1: Community norms support casual, accepting and enabling attitudes toward misuse of alcohol.

B. Supportive Data:

1. According to the 2018 Indiana Youth Survey taken by Batesville Community School Corporation parental disapproval toward regular (at least once or twice a month) alcohol (Answering Wrong or Very Wrong) was 6th grade: 90.1%, 7th grade: 90.2%, 8th grade: 94.3%, 9th grade: 87.1%, 10th grade: 92.7%, 11th grade: 86.6% & 12th grade: 80%. According to the 2018 Indiana Youth Survey taken by the Franklin County Community School Corporation parental disapproval toward regular (at least once or twice a month) alcohol (Answering Wrong or Very Wrong) was 7th grade: 97.3%, 8th grade: 92.2%, 9th grade: 93.6%, 10th grade: 90.3%, 11th grade: 93.6% & 12th grade: 82.4%.
2. According to the 2018 Indiana Youth Survey taken by Batesville Community School Corporation, students reported using alcohol in the last 30 days as follows: 6th: 13.6%, 7th: 16.5%, 8th: 16.2%, 9th: 14.5%, 10th: 17.5%, 11th: 24.8% and 12th: 26.9%. According to the 2018 Indiana Youth Survey taken by the Franklin County Community School Corporation, students reported using alcohol in the last 30 days as follows: 7th: 3.9%, 8th: 9.2%, 9th: 18.9%, 10th: 22.6%, 11th: 23.5% and 12th: 42.5%.
3. According to the 2018 Indiana Youth Survey taken by Batesville Community School Corporation, students reported binge drinking in the two weeks prior to taking the survey at the following rates: 7th: 7.9%, 8th: 2.9%, 9th: 4.0%, 10th: 7.2%, 11th: 11.2% and 12th: 15.4%. According to the 2018 Indiana Youth Survey taken by the Franklin County Community School Corporation, students reported binge drinking in the two weeks prior to taking the survey at the following rates: 7th: 1.3%, 8th: 4.0%, 9th: 7.1%, 10th: 3.8%, 11th: 12.3% and 12th: 17.8%.
4. According to the 2018 Indiana Youth Survey taken by Batesville Community School Corporation, the average age reported for first use of alcohol was 7th grade: 11.74, 8th grade: 11.65, 9th grade: 13.39, 10th grade: 13.97, 11th grade: 13.83 & 12th grade: 15.10. According to the 2018 Indiana Youth Survey taken by the Franklin County Community School Corporation, the average age reported for first use of alcohol was 7th grade: 10.44, 8th grade: 12.32, 9th grade: 12.76, 10th grade: 13.77, 11th grade: 14.66 & 12th grade: 15.24.
5. According to the 2018 data received from the Indiana State Excise Police, Franklin County has 49 active alcohol permits.

End of Year 1 Update:

- 1.

End of Year 2 Update:

- 1.

Final Update (end of Year 3):

1.

C. Goals:

1. Over the next three years, by changing community norms through media awareness, increase student involvement in provided activities, and enrich partnerships with school corporation, student councils, youth council, and similar school organizations, to impact a decrease among 6-12th graders in youth alcohol acceptance and use according to the trending data provided by the Indiana Youth Survey and treatment data.

End of Year 1 Annual Benchmarks:

1.

End of Year 2 Annual Benchmarks:

1.

Final Report (end of Year 3):

D. Objectives:

1. Encourage the school corporation to implement an annual drug use survey to students.
2. Promote alcohol-free activities in conjunction with community organizations.
3. Educate parents and youth on alcohol risk, availability and prevention.
4. Support the development and implementation of evidence-supported interventions in Franklin County.
5. Continue social marketing campaign promoting healthy norms around alcohol use.
6. Implement Parents Who Host, Lose the Most campaign.
7. Continue to support youth organizations in their efforts to implement strategies addressing underage drinking.
8. Coordinate efforts to raise awareness of the collateral damage alcohol plays in the occurrences of social problems.
9. Raise awareness of the impact of substance abuse in family, occupation, public safety, and general quality of life arenas.
10. Continue funding of law enforcement efforts to reduce the occurrences of alcohol misuse.
11. Facilitate community dialogue to educate the citizens on responsible use versus misuse of alcohol.
12. Continue to encourage and support the school systems to administer student alcohol and drug use survey.

End of Year 1 Update:

1.

End of Year 2 Update:

- 1.

Final Update (end of Year 3):

- 1.

A. Problem Statement #2: Substance misuse and abuse by visitors to the community continues to have a negative impact on the quality of life in Franklin County.

B. Supportive Data:

1. In 2018, 25% of all admissions to the Franklin County Security Center were during the tourism season (June 1, 2018 - September 1, 2018) as reported by the Franklin County Sheriff's Department.
2. Occurrence of arrests were as follows: 204 arrests (January 1, 2018 – April 30, 2018); 304 arrests (May 1, 2018 – September 30, 2018); and 172 arrests (October 1, 2018 – December 31, 2018) as reported by the Franklin County Sheriff's Department.
3. The Chamber of Commerce estimated over 1.3 million people visited the lake property in 2018.
4. In 2018 the total number of arrests reported by the Franklin County Sheriff's Department decreased by 26 from 2016 during tourism season (May 1, 2018 – September 30, 2018).
5. In 2018, there were 72 emergency service runs dispatched to recreational areas including 15 to Morgan's Canoe Livery and Whitewater Canoe Rental from (May 1, 2018 – September 30, 2018); 17 to Mounds State Recreation Area from (May 1, 2018 – September 30, 2018); 22 to Haspin Acres (April 1, 2018 – November 30, 2018); 10 to Bonwell Boat Ramp and Garr Hill Boat Ramp (June 1, 2018 – November 30, 2018); and 8 to the Franklin County Fairgrounds (August 1, 2018 – September 30, 2018).

End of Year 1 Update:

- 1.

End of Year 2 Update:

- 1.

Final Update (end of Year 3):

- 1.

C. Goals:

1. Increase law enforcement patrol during tourism season by at least one targeted patrol per tourist season.
2. Market a media campaign specifically during tourism season of at least one public service announcement a month.

End of Year 1 Annual Benchmarks:

- 1.

End of Year 2 Annual Benchmarks:

- 1.

Final Report (end of Year 3):

- 1.

D. Objectives:

1. Continue Social Marketing Campaign targeting tourism and underage drinking and other types of substance abuse through community partnerships.
2. Continue to collaborate with law enforcement agencies to address enforcement and social problems in the community.
3. Provide funding and support to law enforcement agencies to further their efforts in enforcement.
4. Facilitate informational sessions or activities to build collaborative efforts within the community to address substance abuse and related problems by visitors.
5. Coordinate efforts within the community to promote responsible recreational activities.
6. Collaborate with first responders to support their services.

End of Year 1 Update:

- 1.

End of Year 2 Update:

- 1.

Final Update (end of Year 3):

- 1.

A. Problem Statement #3: There continues to be a need for additional treatment services and ongoing awareness of available treatment options and effectiveness of the treatment options in the community.

B. Supportive Data:

1. Through One Community One Family, the evidence based parenting program, *The Incredible Years* (IY), was offered in Franklin County in 2017 and 2018. The program focuses upon improving the parenting skills of caregivers of children birth to 6 years old. One on one peer support was provided to 2 Franklin County families in 2017. Group support was provided to 7 families in 2017 and 3 families in 2018.
2. Through One Community One Family and the evidence based parenting program, *The Incredible Years* (IY), there were 2 Parent Cafes with 19 attendees in 2017; and there were 4 Parent Cafes with 28 attendees in 2018. The program focuses upon improving the parenting skills of caregivers of children birth to 6 years old.
3. Community Mental Health Center has one Resource Facilitator providing Wraparound to 12 kids in Franklin County per state limitation requirements. This staff continues to provide wraparound with high fidelity to the model. We also continue to provide groups in the Franklin County schools to assist with substance abuse as well as other social and behavioral needs.
4. According to Community Mental Health Center Administration, there is need for additional treatment services however, transportation continues to be a barrier to access the existing treatment options available in the community as well as locating and hiring qualified staff.
5. In 2018, 293 total youth and their families were served by CMHC in Franklin County North Intensive Youth Services Program (ages 21 and under). Of the 280 youth, those who participated in Intensive Family Based services were, (116 youth), 115 were School based, 18 youth in Wraparound services, and 5 families in CMHI services; 435 clients were served in Outpatient services, 103 clients were treated for substance abuse related issues, and 207 were served in Youth Outpatient (ages 18 and under) in Franklin County through Intensive Youth Services provided by Community Mental Health Center.
6. In 2018, CMHC served 108 clients with substance use. Community Mental Health continues to offer our new evidence based curriculum Cognitive Behavioral Intervention (CBI) as their treatment guidelines during individual and group treatment. There is 1 substance abuse group offered for the Brookville population at the St. Leon office and 2 in the Batesville office, but no groups are currently held at our Brookville location because lack of participation, one the biggest barriers being transportation.
7. The current number of indicators for treatment and recovery services being offered in Franklin County is 15 including One Community One Family (United Peer Support, Wraparound Support, Incredible Years); School-Based Services; Individual and Group Outpatient; Alcoholics Anonymous and Narcotics Anonymous in the community; Substance Abuse Support Group for only parents involved with Division of Child Services; a counseling group via helpline; Expanded Substance Abuse Recovery Services in Franklin County through Community Mental Health Center; community support services being offered at Works of Mercy; Certified Emergency

Response Team that provides 24 hour assessment and on-site crisis response, North Star addiction recovery program, Margaret Mary Health's pilot program of intensive outpatient service; and a free self-help peer group for anyone with substance abuse, Challenge to Change, through CMHC.

8. According to the 2017 State Epidemiological Profile, the total number of treatment episodes in Franklin County is 182; the total number of treatment episodes with polysubstance abuse in Franklin County is 125 with 54 for 2 substances and 71 for 3 or more substances for a total of 68.7% of treatment episodes for polysubstance abuse. The combination of drugs used among polysubstance abusers in substance abuse treatment include Alcohol/Prescription Opioid Misuse/Heroin/Methamphetamine/Marijuana.

End of Year 1 Update:

- 1.

End of Year 2 Update:

- 1.

Final Update (end of Year 3):

- 1.

C. Goals:

1. Provide education monthly on available treatment options and resources to community members.
2. Expand the number of outpatient and residential services to increase the number of people receiving treatment services in Franklin County.

End of Year 1 Annual Benchmarks:

- 1.

End of Year 2 Annual Benchmarks:

- 1.

Final Report (end of Year 3):

- 1.

D. Objectives:

1. Continue to collaborate and partner with treatment providers.
2. Collaborate with Franklin County Security Center to provide education to inmates about substance abuse and treatment options.
3. Support the existing and effective self-help programs.
4. Raise awareness of the impact of substance abuse in family, occupation, public safety, and general quality of life arenas.

5. Continue supporting law enforcement efforts to reduce the collateral damage and pervasive effects of substance abuse.
6. Develop strategies to support treatment and recovery in the community.
7. Continue to support early identification and intervention efforts.
8. Coordinate efforts to provide transportation for treatment opportunities.
9. Increase efforts to support treatment recovery efforts with the judicial system.
10. Promote services and support to co-dependents.

End of Year 1 Update:

- 1.

End of Year 2 Update:

- 1.

Final Update (end of Year 3):

- 1.

A. Problem Statement #4: There continues to be illegal drug use and trend indicators in the community.

B. Supportive Data:

1. During the 2017-2018 school year, Franklin County High School expelled 2 students for drugs and zero students for alcohol. During the 2017-2018 school year, Batesville High School expelled 5 students for drugs, zero students for alcohol, and 25 students for tobacco.
